### Low-Cost Indiana Spay/Neuter Resources

More than 4 million pets are euthanized in U.S. shelters every year due to a lack of homes. Every Hoosier with a pet can play a role in dramatically reducing the number of Indiana animals who are euthanized. It's very simple: have your pet spayed or neutered today! Remember, pet overpopulation is caused one litter at a time - one cat & her offspring, for example, can produce 420,000 cats in 7 years! Contact your vet today, or use the list below to locate a low-cost spay/neuter clinic near you.
